The workshop included a contest among SAP CIS partners which resulted in a victory by the IBA Gomel team.

Within the contest, SAP partners from the Commonwealth of Independent States (CIS) had a unique chance to share their knowledge and experience in the design and implementation of SAP All-In-One solutions for small and medium sized enterprises (SMEs), as well as show their teamwork when preparing and displaying their solutions to the jury.

The [SAP training program](#) helps SAP partners and clients increase return on investment (ROI) and shorten payback periods for [SAP solutions](#). The efficient training provides partners with comprehensive knowledge that is vital for business optimization, and guarantees that the solutions meet client needs.
